Need For New Basic Labor Policy Seen

Senator Ball Says New Labor Legislation Will Be Presented To Congress

PLANT SEIZURES ONLY POLICY NOW

WASHINGTON, Oct. 25.—(INS)—Sen. Joseph H. Ball (R-Minn.) said today that John L. Lewis' new mine-wage ultimatum to the government makes the need for a basic federal labor policy "all the more apparent".

People Not Satisfied

The Minnesota senator said a recent tour of the country convinced him that "people are dissatisfied" with the federal government's handling of labor matters and "want to see some changes".

"Lewis' demands make the need for a basic labor policy all the more apparent, although I did not think we needed any more object lessons," Ball declared that the government now has no labor policy except to order seizure of struck plants.

Request Turned Down

Interior Secretary J. A. Krug this far has turned down Lewis' request for a No. 1 negotiating conference despite the implied threat from the UMW leader that such a decision means a strike.

Administration officials recognize that a winter coal crisis will be the fires in Congress for labor legislation and they are quietly canvassing the situation.

Government labor spokesmen reported, however, that this thinking "has not yet crystallized" and there is no assurance that the administration will act.

Many Price Controls Are Still Retained

WASHINGTON, Oct. 25.—(INS)—A survey of remaining price controls today showed that OPA still has ceilings on items accounting for about 45 cents out of every cost-of-living dollar.

Leading the list of controls which have a direct effect on the private citizen is the ceiling on rents. Rents, according to the bureau of labor statistics, amount to about 14 1/2 per cent of current living costs, placing second only to food on the cost-of-living index.

Next on the list comes wearing apparel and shoes, which account for about 13 per cent of living costs. Then follows a long list of items and services including household furnishings, coal, sugar and rice, laundry and dry cleaning, repairing of all types, automobiles, radios, refrigerators and other appliances, bicycles, clocks and watches and bicycles and other "wheeled goods".

Controlled items of secondary interest to the consumer but important to the national economy include building materials, rubber goods of all sorts, most drugs and chemicals. (Continued on Page Two)

Contract With Miners Studied By Government

Attorney General Discloses Justice Department Is Studying Contract

WASHINGTON, Oct. 25.—(INS)—Attorney General Tom Clark disclosed today after a cabinet meeting at the White House that the Justice department is studying the government's soft coal contract with the United Mine Workers Union.

Not On Agenda

Secretary of War Patterson said that coal was "mentioned" despite an earlier White House statement that the soft coal contract was not on the agenda of today's meeting.

Attorney General Clark said that the coal matter was not taken up in detail and that it was being handled by Interior Secretary Krug and Reconversion Director Steelman.

Soviet Demands Review Proposals Be Stricken Out

Small Nations Demand Repeal Or Revision Of Big Five Veto Power Provision

OTHER PROBLEMS OF U. N. BEING AIAED

(BULLETIN)

NEW YORK, Oct. 25.—(INS)—The Soviet Union today abandoned its fight to prevent the United Nations General Assembly from discussing the "Big Five" veto.

Soviet Vice-Commissar for Foreign Affairs Andrei Vishinsky withdrew his motion to strike three veto proposals from the agenda after a sharp fight in the general committee.

By GEORGE E. DUNNO (U.S. Staff Correspondent)

NEW YORK, Oct. 25.—(INS)—The Soviet Union demanded today that the Cuban and Australian proposals for review of the "Big Five" veto power be stricken from the agenda of the United Nations General Assembly.

Andrei Vishinsky of the Soviet Union said abolition of the Security Council veto would be a "terrible blow to the very young United Nations charged with maintenance of peace and security."

He told the 14-nation general steering committee that a "spirit of solidarity" required dropping the issue.

Sir Herbert Shawcross of the United Kingdom, said his country favors retaining the veto but challenged the jurisdiction of the general committee to stop the assembly from discussing it.

Shawcross said it would be "premature" to go away with the charter although the way it has been used has brought "serious discredit" on the council.

He urged "full and free" discussion in the assembly as demanded by the United States delegation.

I wish some brilliant doctor who would like to make a name and go down in history's record in the pill and powder game would get busy with his genius and ere he becomes too old, would devise a sound specific that would cure a common cold. Doesn't seem as though the doctors have the common cold licked yet, but I think if they would try it (and on this I'll lay a bet) they'd come up with something useful that would stop this sniffle, and I wish they'd hurry to get their drab and seventy-three.

Public Works Expenditures Are Increased

WASHINGTON, Oct. 25.—(INS)—Officials said today that President Truman was still determined to balance the budget for the current fiscal year if possible, despite his announcement that public works expenditures would be 173 million dollars more than he estimated last August.

These experts said the January, 1947, budget estimates are expected to show a balance if the president can fix the tax revenues and economies with which to do it.

Mr. Truman's latest statement on the budget revealed that the new public works figure would result in a deficit of more than two billion dollars for the fiscal year, which began July 1, if other figures in his Aug. 3 budget review are unchanged.

The president himself had nothing to say on the deficit question. He told reporters sometime ago that the budget for the fiscal year would be balanced.

Mr. Truman announced that he would go through with his plan to limit expenditures for the army and navy to 13 billion 190 million dollars during the fiscal year.

SCHOOL TEACHERS FROM 5 COUNTIES GATHER HERE

(Continued from Page One)

President Slick then addressed the convention briefly, welcomed them to the meeting and discussed the program of the day. He was followed by C. Herman Grose, vice president of the PSEA, who is the superintendent of schools in Erie.

Mr. Grose urged the teachers to devote more attention to the workings of the association, to the retirement plan and to the other features of the association. He said that in his opinion legislation for adjustments in salaries should be presented in the next general assembly.

Harvey S. Gayman, executive secretary of the PSEA in Harrisburg, was scheduled to speak but an important meeting of the executive committee of the PSEA prevented his being here.

Felix Morley, speaker

Events, former president of Haverford college, and a foreign corre-

spondent, was the speaker of the day. His subject was "Postwar Education Problems."

Mr. Morley said the task ahead of educators was to broaden their concepts of education to the end that understanding between the nations would be accomplished. His address was a scholarly one and happily suited to the occasion.

This afternoon sectional meetings will discuss the various departments of the public school curriculum and the convention will re-assemble tonight at 7:30 in the Cathedral.

The speaker tonight will be Col. M. Thomas Tehou, former secretary to Generalissimo Chang Kai-Shek who was once the vice president of the International Labor Conference at Geneva.

Officers will be named at tonight's meeting. Every phase of public school work is represented at the convention, administration, supervision, and class room teachers. The convention brings teachers together for the purpose of exchanging ideas and broadening horizons.

ment and said they expected other ministers to follow the Attlee-Berlin lead.

These informants said that while the government heads and Churchill have decided that candor with Russia is the only effective policy, Britain wishes most strongly for friendship and understanding with the Soviets.

These leaders are believed to feel strongly that the idea that Russia is always right and those whose methods may differ are always wrong needs to be corrected.

It was explained that Attlee's speech shows clearly that the efforts of more than one country are needed to produce a real friendship and much as Britain desires cooperation with Russia it must be on terms consonant with self respect.

couraged about. In every community there are apt to be a few who find no joy in doing anything for those in need. You can't do anything about these unfortunate souls, except to scratch them off the list and forget them. These rare cases are offset by so many nice co-workers which you make, which warm your heart, and confirm your belief that this town is filled with a whole lot of very fine and generous people.

"Just yesterday, an old man of 89 years, hobbled into the office. He had not been solicited, and wanted to make a pledge, and did so. His pledge was small, but he will be remembered long after some less pleasant occasion has been forgotten.

"Then there is the Standard Steel Spring, which is the first of the heavy industries to turn a completed report. It was not only the first, but increased subscriptions by the employees, made their total larger than last year's pledges. You see these nice things give you a shot in the arm, as you go along.

"These are not isolated cases. They are too many to name them all.

"Then there is another feature that never loses sight of. It is not always those whose returns are highest, who work the highest. Some teams do not have such fertile fields in which to reap. The going is harder, and the victory is not always entirely to the strong."

ones and major powers were sparing with each other today as the 51-government General Assembly of the United Nations continued its deliberations.

Repeal or revision of the veto power enjoyed by the "Big Five" had been demanded by Mexico, Belgium, Peru and Brazil, Cuba, which placed the issue on the assembly agenda, threatened to withdraw from the United Nations if Soviet Russia prevented a discussion of the question. Australia and others were still to be heard from.

To Castigate Franco

A most definite move was under way to castigate the Fascist regime of Generalissimo Francisco Franco in Spain. Norwegian Trygve Lie, secretary general of the United Nations, and Belgian chief delegate Fernand Van Langenhove, called for such action most pointedly. Soviet Russia and her satellite countries including Poland, Yugoslavia and Czechoslovakia, France, China, Mexico and others are certain to fall in line.

Third immediate debate was precipitated by South Africa's colorful Field Marshal Jan Christiaan Smuts, who demanded that the assembly remove from its agenda a complaint by India that the Indian nationals were being discriminated against in South Africa.

South Africa Question

This question of South Africa, which also involves absorption of Southwest Africa by the Smuts domain—momentarily was settled by an American compromise providing for its submission to both the political and legal committees of the assembly.

Chief American delegate, Senator Warren E. Austin, R. Vt., revealed the momentary position of the United States in proposing the African-Indian compromise.

It is in brief, that the American delegation wants adoption of the full provision agenda and full debate on all of the issues at hand.

Pending adoption of the agenda, the U. S. delegates will undertake to refrain from including in any of the preliminary oratory—but reserve the right to speak at length later.

OPA economists estimated that controls now in effect cover about 50 per cent of the national economy, exclusive of government.

Just how long some of these items will remain under ceilings is a matter of extreme conjecture even within OPA itself.

The agency has revealed that the sweeping decontrol of foods in the past two weeks is to be followed on or about Nov. 1 with removal of controls on a number of other items, including some unimportant building materials, certain articles of clothing and other consumer goods.

This is in keeping with the administration's "accelerated decontrol" policy.

Rents appear to have replaced meat as the most controversial item on the control list, with building materials running a close second.

They have become the principal targets for enemies of controls in general and the powerful National Association of Real Estate Boards and National Association of Home Builders in particular.

OPA Chief Paul Porter and his lieutenants have stated forcefully and repeatedly, however, that rent controls will be retained, come what may. Housing Expediter Wilson W.

Personnel Men Meet Thursday

Western Pennsylvania Association Has Outstanding Program In The Castleton

NOTED INDUSTRIAL PSYCHOLOGIST HEARD

Members of the Western Pennsylvania Personnel Association, at their monthly meeting in The Castleton, had one of the most unique and instructive programs they have yet been privileged to hear, on Thursday evening, when they were addressed by Clyde R. Powell, industrial psychologist, and director of the personnel and safety department of the Endicott Johnson Corporation.

He was accompanied here by Arnold F. Warner, of the Lehigh Safety Shoe Co., Inc., a branch of the Endicott corporation, through whom the program was arranged.

The address of Mr. Powell, which was open to the public, was preceded by a dinner meeting of members of the West Penn Association, in the Coral Room of the hotel.

"Human Side Of Safety"

Mr. Powell spoke on the "Human side of Safety," and pointed out the fact that 80 per cent of industrial accidents are found among 20 per cent of its people. Thus a majority of the accidents occur to the same people, and industrialists should look for the reason back of this fact. Lack of concentration is not all to blame, he stated. There may be physical abnormalities, poor eyesight, mental trouble, domestic or financial difficulties, or sickness in the home. All of you men here have people working for you who are suffering from mental instability, he asserted, and you must study their attitude. A lot of repeaters do not know nor appreciate the fact that they are having more than their share of accidents.

Mr. Powell tied in with his address, the principles of concentration and suggestion used by hypnotists, an understanding of which enables hypnotizing a group of volunteer subjects, and finally by hypnotizing most of the audience. He also did some clever feats of magic, all illustrative of the theme of safety.

Russell G. Magill, president of the association, presided and the speaker was introduced by C. N. Shellito, program chairman.

File Indictments Against SS Doctors

NUERNBERG, Oct. 25.—(INS)—Brig. Gen. Telford Taylor, chief United States war crimes prosecutor, announced that indictments are being filed today against 23 Nazi SS doctors including one woman.

The charges against the doctors including that of carrying out atrocities in the form of experiments on concentration camp victims.

Gen. Taylor, appointed to succeed Justice Robert H. Jackson is prosecuting subsequent war crimes trials, said that between 250 and 500 former leaders of the Third Reich will be tried by a United States military court very soon.

Dr. Karl Brandt, Hitler's personal physician and former Reich commissioner of health and sanitation, is among the accused Nazi doctors. Nearly one thousand Nazi officials in all will appear before the military tribunal in sections, and four judges have arrived from the United States to facilitate the proceedings.

Communist-Held Ports Threatened In China's War

LONDON, Oct. 25.—(INS)—Dispatches from Nanking said today that Chinese nationalist armies are reported threatening two communist-held ports on the Yellow sea.

The dispatches to Reuters said well-armed, central government troops equipped for winter warfare are storming "in spectacular leaps and bounds" towards Anqing, 250 miles southeast of Mukden.

A report from Tientsin said the nationalist forces had reached the outskirts of Chefoo. Nationalist warships were reported shelling communist positions in the heart of the city and had already landed troops from the sea.

GROUNDING YACHT RUSHED ASSISTANCE

CAPE MAY, N. J., Oct. 25.—(INS)—Three Coast Guard vessels today rushed to the assistance of the 75-foot yacht, See, which ran aground on a jetty a mile off Cape May.

Authorities said two men aboard the craft radioed for help during rough seas which later calmed. Identity of the men and port registry of the yacht were not immediately determined.

NOT GERM-KILLER

HARRISBURG, Oct. 25.—(INS)—The State Health Department today exploded the "bar-fly" theory that taproom alcohol is a germ killer.

Secretary Harry W. Weist reported that 93.9 per cent of the bar glasses submitted to laboratory swab tests during initial restaurant sanitation checks failed to meet required standards. The report was issued following a spot-check of 73 Lebanon county restaurants.

Lawrence county, Pennsylvania, was originated, March 20, 1949.

V. F. W. POST NO. 315 AUXILIARY MEETS

Ladies Auxiliary to Neshannock Post No. 315 V.F.W. met in the post rooms, 126 1/2 East Washington street, on Wednesday evening with the president, Carrie Shaffer, presiding.

Reports of the District 25 meeting held in Butler, October 20, were given also on the visit to the Deshon hospital. Cigarettes and gifts were given the patients. Another trip is being planned in the near future. The auxiliary is soliciting subscriptions to popular magazines which are greatly needed at the hospital also for Christmas cards and stamps.

A program was presented to celebrate the patriotic days in October. The following readings were given: "Christopher Columbus" and "Theodore Roosevelt" by Francis Habib, "Selecting the Unknown Soldier" by Mary Emery; "Statue of Liberty" by Ethel Bell; "Navy Day" by Catherine McElroy and "William Penn" by Ruth Connors.

Senior Vice Commander Walter Kiehl of Post 315 was escorted in with colors. He asked the auxiliary to assist the post with the Armistice party to be held on November 9. Mary Emery, Ethel Boyd and Caroline Black were appointed to meet with a committee for the post.

A card of thanks was received for the radio presented to Scotland school.

Lady's Arm Was Bent Up Double Like a Jack-knife

One lady recently stated that her arm used to become doubled up like a jack-knife. She couldn't move her arm up or down because her muscles were stiff with rheumatic pains and the joints of her elbow and shoulder were swollen. She said she was ashamed to leave her house because people would stare at her. Finally she got Rhu-Aid and says she now can raise her arm above her head and the swelling left her elbow and shoulder. The awful pain and stiffness is gone. She is enjoying life once more and feels like "some other woman" since taking this New Compound.

Rhu-Aid contains Three Great Medicinal Ingredients which go right to the very source of rheumatic aches and pains. Miserable people soon feel different all over. So don't go on suffering! Get Rhu-Aid. Sold by All Drug Stores here in New Castle.

Plant Asks For Sewer Connection

Council Gets Request From W. J. Ayer Statuary Company Thursday

OTHER NEWS OF CITY HALL ACTION

Marshall Matheny, attorney for the W. J. Ayer Statuary company, Round street, Thursday appeared before members of council and requested his client be permitted to connect his property with the city sanitary sewer. Attorney Matheny stated that unless the property, part of which is within the city, is connected, state health officials will require a shut-down of the plant where 45 are employed and the weekly payroll is considerable. Council referred the request to committee.

Proceed With Plans

Joseph E. Pearson of the Marine Corps League, who also was requested by the V. F. W. 522 to represent them because the proper member of the latter organization could not be present, was informed by council that the body would appropriate money for an Armistice celebration in the form of a dance here. The donation is allowed by state law. Mr. Pearson was instructed by council to have the organizations proceed with plans and formal action would be taken Monday.

Performing Good Job

During council today Safety Director D. O. Davies stated that Frank Sargent, a member of the fire bureau, who had charge of the war-time OCD, and who is now executive secretary of the Lawrence County Veterans Advisory committee, is performing a good job. He was furloughed from the fire department to do this work upon the suggestion of the veterans advisory committee. Mr. Sargent's hours are from early morning until late at night and if there is a pause in his advisory duties he acts as a fire marshal. Mr. Davies said he desired to make the foregoing report to council and the public.

Seek Light In Alley

When council met Thursday a petition was read by the city clerk in which residents of Walnut street requested a light be placed in an alley in the rear of 208 because of darkness, the multitude of garages and because it is much used by women and others garaging autos. The request was referred to committee for a view.

To Make "Side-Walk"

Upon motion of Safety Director D. O. Davies today a request made recently by C. W. Smith, James Gibson, head of the streets department, was authorized by council to construct a foot path from Monroe street to Taylor street.

Trustee To Sell Land

When council met Thursday an ordinance was introduced by Director of Property Joseph D. Alexander, seconded by Councilman Gibson and sent to committee, which authorizes Norman Clark, trustee for the city and county, to sell to the Standard Steel Spring company land acquired from the Carnegie-Edison company at private sale.

New Race Book Highly Praised

Library Offers 'Different' Sort Of Book By Witty Author Margaret Halsey

"Color Blind", by Margaret Halsey, available at the Public Library, is a book with a fresh approach to the Negro question in the United States.

Engagingly written, it is a solution book and not a "problem" book. Miss Halsey, whose popularity is based on two previous books, "With Malice Toward Some" and "Some of My Best Friends Are Soldiers", has been troubled as have so many other Americans, by the absence of democracy in Negro-White relationships. She has found some of the answers worth considering in this book which is recommended by Miss Alice Sterling, librarian.

A list of 31 recent books on this question is suggested by Miss Halsey, and almost all of them can be found at the library.

Reading List

"Brothers Under the Skin" by Carey McWilliams; "Dink of Dink" by E. E. Dink; "Autobiography" by George Washington Carter; by Rackham Holt; "Brown America" by E. E. Dink; "Tenth of a Nation" by Emma Embree; "Thirteen Against the Odds" also by Embree; "The Darker Brother" a novel by Buckham Moore; "A Rising Wind" by Walter White; "New World A-Coming" by R. O. Grier; "Back to Back" by Howard Carter; "The Color Line" by Howard Carter; "All American" a book for young people by John E. Tunia; "What the Negro Wants" collection of articles by 14 outstanding Negro Americans; "The Negro Square" by Richard Stempel; "A Special Scientist" The Springfield, Pa., by James W. Wise; "Build Together, America" by Rachel DuBois; "Mr. Pell's House" by Fannie Gould; "Freedom Road" a novel by Howard Fast; "They Seek a City" by Anna Bottemps and Jack Courte; "The Street" by Ann Petry; a novel of Harlem.

SANDWICH MAKING

"What kind of sandwich shall I put in the lunchbox?" try minced sardine, adding chopped hard-cooked eggs and a little prepared mustard. Moisten with salad dressing, suggests Mrs. Hollobaugh. Or flake leftover boiled or baked fish, adding chopped celery, sweet pickle, and enough salad dressing to moisten. Another suggestion is peanut butter mixed with ground raisins and moistened with fruit juice. Chopped sweet pickle or honey or jam also may be mixed with peanut butter for variety.

If using only peanut butter, between slices of bread, it will spread easier if it is blended with a little milk or cream or softened butter or margarine.

Ford Abandoning Soy Bean Business

DETROIT, Oct. 24.—(INS)—The Ford Motor Company, pioneer in industrial use of soybeans, announced complete abandonment of its bean program today and discontinuing of half of Ford's "village industries".

Ford processing of soy beans ended with the sale of the Saline, Mich., plant to Soybrands, Inc. The soy processing plant at River Rouge, Mich., was closed earlier.

A Ford spokesman declared "this means we are getting out of the soy bean business for good."

The spokesman explained that while Ford still uses soy oil as a main paint ingredient, use of the beans to make plastic has fallen off with the development of superior plastics from other materials.

He said Henry Ford senior, founder of the company and first to use soy beans industrially on a large scale, felt that he has "accomplished what he set out to prove years ago".

G. O. P. Jubilant Over Chance Of Senate Control

May Win Control In November Election—Forecast Martin To Beat Guffy

By WILLIAM K. HUTCHINSON
WASHINGTON, Oct. 25.—(INS)—The Democratic high command is gloomy and Republican chieftains jubilant today over increasing prospects of the GOP capturing the United States Senate in November's election.

The Republicans must gain ten seats to win control of the senate. They seem to have seven new seats "in the bag" and need to gain but three more to take over the upper branch of the next congress. Present prospects indicate they will win control of the next house with a working majority of at least forty-one votes.

May Control Both Branches
Thus there is a great possibility that the Republicans will control both branches of congress during the last two years of President Truman's term.

The GOP has excellent chances of gaining senate seats in New York, Pennsylvania, Ohio, Delaware, Missouri, Idaho and Wisconsin. Republicans have good chances of winning also in Massachusetts, West Virginia, Montana and Washington. They have fighting chances of victories in Wyoming, Utah, New Mexico and Nevada.

Three Republican seats are under attack in this election—in Connecticut, Kentucky and California. The GOP is expected to win in Connecticut and Kentucky while California could go either way.

If the Republicans win all these contests, they would control the new senate by a twelve vote margin—54 to 42.

Democrats Gloomy
The Democrats are gloomy because they are up against the wall in state after state.

Here is what Democratic and Republican leaders say "off the record" about some of the senate contests.

New York: Democratic: Looks very bad; Republican: Dewey will carry lives into senate by a big margin.

Pennsylvania: Democratic: Looks very bad; Republican: Martin will be elected over Guffy by a tremendous majority.

Delaware: Democratic: Situation bad; Republican: GOP will win by upwards of 10,000.

Ohio: Democratic: Our only hope is to defeat Lausche governor; Republican: Breaker should win senate seat by 600,000.

Missouri: Democratic: Situation not bright but not bad, still have a chance; Republican: There is a substantial Republican edge, the Republican will win and may win it.

In the states, which the Republicans claim but Democrats refuse to concede, "off the record" talks in Massachusetts: Democratic: It is tough and so but Walsh should win; Republican: Lodge is a sure winner and can win big.

West Virginia: Democratic: We have a chance; Republican: The Republican should win; it would be an upset if the Democrat wins.

UNWED MOTHER ACCUSED
WOBURN, Mass., Oct. 25.—(INS)—A young unwed mother of two children was held today on a charge of murder, accused of letting her two months-old unnamed daughter starve to death in the attic of her home.

Raise Limit On Parcels To Britain

Announcement was made today by Postmaster William R. Hanna that the weight limit on unsolicited parcels to Great Britain and Ireland has been raised from eleven pounds to twenty-two pounds.

There is also no limitation on the food content of such packages as long as they remain within the 22-pound limit. Such parcels should be clearly marked, "Unsolicited Gifts."

Safety Is Stressed At P.T.A. Meeting

"Safety" was the theme of the meeting Thursday night October 24 when the Rose Avenue Parents-Teachers Association met in the Rose Avenue school building. Mrs. Clyde Henning, president was in charge of the meeting.

The speaker was Mrs. Theodore Castele of the American Red Cross who spoke on "Accident Prevention." Mrs. Castele recently completed a course of study in this subject at Camp Minnehaha, West Virginia. A safety film was shown by Principal John N. Cornelius. Mrs. C. C. McDermott had charge of the program. Special music was presented by Olive Black, a vocalist accompanied by Lois Baum.

Man Barricaded In Home Resists Efforts Of Officers

SEVIERVILLE, Tenn., Oct. 25.—(INS)—Columbus McMahan, Sevier county mountain farmer, still held out today in his barricaded home despite efforts of state and county officers to dislodge him.

McMahan is armed with a shotgun, a pistol, a butcher knife, a hatchet and a stick of dynamite.

With him in the cabin was his wife, who is aiding him, and, according to Chief of Police L. Reagan, a 30-day-old baby, believed to be a boy.

The barricaded farmer is charged with molesting motorists on the roads near his home with a shotgun. Sevier County Sheriff Ray C. Noland has a warrant charging him with carrying weapons.

Meanwhile, McMahan renewed his challenge to the outside world to "come and get me."

Sheriff Noland and his men had temporarily abandoned the siege in the hope that two brothers of the embattled farmer might persuade him to surrender, but their attempts were futile.

Switzerland has more people over 60 years old living within its boundaries than any other country in the world.

Deer Believed Dead Is Very Much Alive

TIONESTA, Pa., Oct. 25.—C. H. Carter of Tionesta, while driving to work in Warren, had an adventure with a deer. The morning was foggy and a deer sprang out of the brush along the highway striking his car on the side.

Carter stopped and the deer straightened out and as Carter thought dead.

Placing it in the trunk of his car, Carter drove to Warren. Arriving at the police station, he found the animal very much alive and lustily kicking the trunk to bits.

Police assisted Carter and the deer was freed in Yeagle's grove, south of the city. Game Protector Norris stated that the deer had only been stunned.

Norris also stated that bears were doing great damage in the Cherry Grove sector and that he had paid out a large sum in damages to farmers of that section.

Switzerland has more people over 60 years old living within its boundaries than any other country in the world.

SAY LaGUARDIA FIELD SINKING

NEW YORK, Oct. 25.—(INS)—The eastern end of La Guardia field, New York's greatest airport, is sinking, it was disclosed today, at the rate of six inches a year.

Fredrick G. Reinicke, New York commissioner of Marine and Aviation said the field would have to be closed within nine months to two years for reconstruction.

He said that since the field was built in 1939 it has sunk three to five feet.

CANADIANS EAGER TO WORK IN U. S.

OTTAWA, Oct. 25.—(INS)—A flood of Canadian "white collar" workers today are seeking visas to enter and work in the United States.

The number of young Canadians asking entry to the U. S. may bring official government action to restrict the movement.

The workers are attracted by better jobs in the U. S. at higher pay and less taxation.

Four Hundred At Senior High Party

Over 400 masqueraders, including both students and faculty, attended the Halloween party given by the Senior "A" class in the senior high school gymnasium Thursday evening.

Chosen by the drawing-of-numbers system, Carol Zeigler was the Cinderella of the evening, leading the promenade with her four escorts during intermission.

Eugene Pascarella took the prize for having the best costume in the group which paraded around the floor at intermission. As a perfect background for the party, the gym was decked in orange and black, with pumpkins and skeletons. The refreshment stand was also decorated, and above the band stand was a large sign, "Kilroy was here, but had to leave."

Trees do not grow up; marks on the trunks do not move upward as the tree grows older.

REPORT 2,405,170 WORKERS IN AUGUST

HARRISBURG, Oct. 25.—(INS)—The Department of Labor and Industry reported today that Pennsylvania's estimated industrial employment during August totaled 2,405,170 workers, a 14 per cent increase compared with the previous month.

The department said 32,760 more persons were employed in August than in July of this year. The August employment was 5.1 per cent greater than in the same month of 1945, the department added.

It would have taken 70,000 men operating 30,000 two and a half-ton cargo trucks to haul the gasoline pumped by pipeline to Allied troops from D-Day to VE-Day.

Wheeler Sees Republican Trend In U.S.

WASHINGTON, Oct. 25.—(INS)—Sen. Burton K. Wheeler (D) Mont., who was defeated for renomination, said Thursday there is a "Republican trend" throughout the nation. He said there would be "very close" political contests in the congressional elections in the Far West.

Leaving a White House conference with President Truman, Wheeler said that he had "never heard" of reports that he may succeed Tom Clark as attorney general. He denied that he was considering or being considered for any federal government post and added that he had no definite plans for the future.

Wheeler said "No one knows how far the Republican trend will go." He told newsmen that Montana, Washington and California should go Democratic according to registration figures, but because of a "big silent vote, how they will go no one can tell."

Wheeler said he had not discussed the Far West political situation with Mr. Truman.

Asked if he had given the president any advice, Wheeler said: "You know I can't talk to anyone very long without giving them advice. I don't know whether they take it."

FAT COLLECTIONS WILL INCREASE AS CONTROLS VANISH

Due to the acute shortage of meat women have been unable to save and turn in fats to the extent they had during previous months, but with the lifting of price ceilings fat salvage collections should surpass those of recent months. According to the American Fat Salvage committee housewives, since the start of the program four years ago, have been responsible for the recovery of more than five hundred million pounds of fat. This means that even when meat was in such short supply women continued to be conscientious in saving waste fats.

The committee also pointed out that due to the world-wide shortage of fats and with no prospects for early improvement in the situation, the need for fat salvaging is greater now than it has been at any time during the war years.

New Wilmington Buckwheat Rodeo Set For Nov. 14

Annual Event To Be Held Under
Auspices Of New Wilming-
ton Rotary Club

NEW WILMINGTON, Oct. 25.—Chairman Jacob Bungardner and his Rotary club committee are busy preparing for their outstanding event of the year, the annual "Buckwheat Rodeo" which will be held November 14 in the United Presbyterian church.

The annual rodeo was originated by William McLaughry, a charter member of the club in 1927, and in recent years has achieved such popularity that it is considered one of the most famous events in Rotary celebrations.

Hundreds of Rotarians from surrounding towns are expected to bring the "Buckwheat Rodeo" to the club which features a big "buckwheat cake" feed. Walter Green is in charge of reservations from the New Castle chapter.

Chester Smith, sports editor of the Pittsburgh Press, will be the main speaker for the event.

All reservations must be in by November 7, it was announced.

Reveal Sweden Helped Free 1,100 Allied Airmen

WASHINGTON, Oct. 25.—(INS)—Sweden's substantial contribution to the Allied war effort was revealed today when it was learned that the often criticized wartime Scandinavian neutral had helped free for further fighting 1,100 Allied airmen downed in her territory. The revelation was inspired by word from Paris that the United States has agreed to sell Sweden, now a next door neighbor to Russia, 90 P-51 Mustang fighter planes with full armament. The planes will come from wartime surplus and are intended to make up to Sweden for injuries inflicted on her Air Force when, early in the war, the United States took over by requisition "several hundred" Seversky fighter planes which were on order in this country. The revelation that Sweden had aided—either by turning her head or by actual assistance—in getting 1,100 airmen back to England from bombing raids on Germany came as a surprise to Washington. During the war Sweden was often asked for her aid to the Axis. At the war's strong pressure, she halted in the delivery of needed Swedish ball bearings to Germany. Allied airmen receiving assistance were said to be members of crews of planes which had escaped on bombing missions to northern Germany and even to Berlin. In Baskingsroke, England, two mushrooms lifted up an 83-pound paving block which had been cemented down.

Preparing Rink For Ice Skating

Although the Big Freeze is yet some weeks distant, Mayor John F. Haven stated today that General Chairman C. F. Suber of the mayor's recreation project committee was "on the job" at the Mahoning "ice rink" putting the pond in condition for skating this winter.

YOUNG GIRL FAINTS, RECEIVES FACE BURNS

Miss Elizabeth DeMatteo, 23 years, of 110 Sankey street is confined in the New Castle hospital, where she is receiving medical treatment for burns of the face. Her condition is not serious, however. The accident occurred Thursday in her home when the young woman fainted and fell towards the kitchen stove, the jets being open, causing burns to her face.

Twenty-Three German Doctors Are Indicted

NUERNBERG, Oct. 25.—(INS)—Twenty-three German doctors, among them a woman physician, were indicted today by the chief United States war crimes prosecutor on charges of deliberate torture, murder and other atrocities. The indictments were filed by Brig. Gen. Telford Taylor as the first step in bringing the accused to trial in mid-November. The four-count indictments charged the doctors with conspiracy, war crimes, crimes against humanity and membership in criminal organizations. The defendants include high-ranking medical officers of the SS Elite Guard, the Luftwaffe and concentration camp physicians. The woman is Dr. Herta Oberhauser, formerly physician at the infamous Ravensbrueck concentration camp. The indictments detailed ruthless experiments carried out on concentration camp victims. These included sterilization, freezing and mustard gas tests. Charges also were made that the defendants murdered hundreds of thousands under a euthanasia program, participated in mass extermination of Jews and tortured prisoners of war.

ACTRESS FACING AGENT FEE SUIT

PHILADELPHIA, Oct. 25.—(INS)—A suit for \$1565 in agent's fees

was on file today against Louisa Horton, star of the comedy hit "Voice of the Turtle". The action was taken by Gene Dawley of New York City, who as-

serted he got the job for Miss Horton and claimed 10 per cent of her \$350 weekly salary. Dawley said he at first agreed to accept a silver cigaret lighter in

lieu of a commission in getting the actress work as an understudy in the New York company of the play. He added that he never got the lighter.

Want License To Get Married?

Lot Of Questions Must Be
Answered By Marriage
License Applicants

OTHER NEWS OF COURT HOUSE

Some of them smile, some of them look worried and a few get a little offended, but brides and grooms all have to answer the questions propounded in the marriage license bureau in the court house.

"They're so silly," said one bride to be, "asking me if I am an imbecile and then asking Butch if he was able to make a living for us. Couldn't they tell by looking at us?"

The probabilities are the marriage license deputy could tell but the law requires answers. The list of questions is long but the law says they have to be asked.

First of all your full name and surname are asked. Then your color, the relationship of the parties one to the other, if any, either by blood or marriage. Occupation, birthplace and residence come next. Then the age, previous marriages if any, date of death or divorce of another spouse if there was one, and then you are asked "do you have any transmissible diseases?"

The name and surname of the father and mother of the applicant comes next, then their residence, the color of each, and the occupation of each. Then the deputy wants to know the birthplace of the father and mother, and then the \$64 question.

"Is applicant an imbecile, epileptic, of unsound mind or under guardianship as a person of unsound mind, or under the influence of intoxicating liquor or narcotic drugs. Has applicant within five years been an inmate of any asylum or home for indigent persons. Is applicant physically able to support a family?" In the case of minors the consent of the parents or guardian is necessary.

Funny questions, but some of the answers are funny also.

Gen. Eisenhower May Ask Draft Beyond March

Says "Hard" To Depend On
Volunteers For Occu-
pation Tasks Of Army

WASHINGTON, Oct. 25.—(INS)—Gen. Dwight D. Eisenhower, army chief of staff, announced Thursday that he may call for extension of selective service past its official expiration date in March.

Eisenhower told a news conference that it was "hard" to depend entirely on volunteers in carrying out occupation tasks assigned the army.

The five-star general also touched heavily on cuts in the budget. He asserted that "we will try to stay within it and carry out our duties."

Eisenhower disclosed that it is impossible to stay within the budget in view of rising costs and the increased responsibility of supplying troops for a world police force. He would appeal for increased funds.

In commenting on rumors that he would retire, Eisenhower indicated that he expects Gen. Omar N. Bradley, veterans administrator, to succeed him as army chief of staff in the indefinite future.

May Increase Basic Training

Eisenhower also announced that basic training in the United States "probably will be raised from the present eight weeks to 12 weeks."

He said that he heard complaints during his recent European tour that soldiers were inadequately trained when they arrived overseas.

The general told reporters that his staff had recommended to him extension of the draft, adding that he himself was as yet undecided.

The draft has been cancelled for the remainder of 1946 because of the high rate of voluntary enlistments. Eisenhower observed, however, because of short term enlistments there was a "terrific turnover" in the European theater.

Pacific Recruits Scarce

He added in connection with acquiring sufficient volunteers that it was very difficult to acquire recruits for the Pacific.

Eisenhower said that he did not understand reluctance of soldiers to serve in that theater, contending that men actually are "well off" there and have adequate recreational facilities.

Eisenhower said that policing duties were being carried out adequately in Germany but that efforts to retain competent combat units was hampered by expiration of terms of service.

In regard to extending the period of basic training given servicemen in the United States, Eisenhower said that it is not done training organizations which parallel those in the United States probably will have to be established overseas.

He maintained that there is insufficient military personnel to accomplish "that, pointing out that armed strength in the theater is at the "lowest point possible" to carry out minimum occupation duties.

Oklahoma produces almost as much oil as all prewar Europe did.

Guided Missile Program Planned By Navy Research

WASHINGTON, Oct. 25.—(INS)—The navy announced Thursday plans for a greatly expanded guided missile research program in co-operation with the army.

The guided missile section of the navy was established last year, and for almost a year naval experts have been working with army ordnance scientists at the Army's White Sands, N. M., proving grounds.

Plans for expansion were announced coincidentally with Secretary Forrester's inspection visit at White Sands. The secretary, on his way to the west coast for Navy Day, stopped off in New Mexico to see work already done and watch the firing of a German V-2 rocket.

Present expansion includes erection of housing and laboratory buildings and installation of equipment for flight testing navy equipment at White Sands. All work has had the assistance of the army ordnance department.

Food Production Goals For State Aim Of Conference

HARRISBURG, Oct. 25.—(INS)—Pennsylvania's 1947 food production goals were slated today to be established during a conference of the State Agriculture Adjustment agency at Gettysburg October 29.

Secretary John A. Smith predicted 200 delegates would attend the two-day meeting to plan Pennsylvania's food requirements during the second year of post-war reconversion.

AAA county and local committee men will be asked to propose an increase in the state's milk output in view of a rise in consumer consumption coupled with a decrease in dairy herds. Smith reported. Preliminary recommendations were outlined by the U. S. Agriculture department, which scales national goals annually on the basis of the production capacities of states.

Increased livestock production, including an 11 per cent hike in the output of pork would likewise be suggested, Smith stated.

The Triple-A was prepared to prepare to propose planting of wheat and other grains on every available acre to "replenish supplies drained by overseas shipments to famine stricken countries and to guard against a possible drought setback."

Vegetable acreages were regulated customarily by the capacity of canneries, Smith said. A slight reduction in the poultry yield would be sought, he added.

Approval of recommended goals was scheduled as the final business of the meeting.

Bad Dish-Washing Main Complaint In Restaurant Survey

HARRISBURG, Oct. 25.—(INS)—Improper dish washing was the Health department's chief complaint today against eating establishments examined under the state's restaurant sanitation law.

Twenty-seven rural and 73 urban restaurants in Lebanon county were covered in the initial check-up of sanitary conditions as required under legislation enacted last year by the general assembly. The department was charged with supervision over rural restaurants while communities were made responsible for eating places within their boundaries.

Seventy-five per cent of the urban restaurants were reported in general good conditions while 5 per cent of the rural eating places met sanitary standards, according to Secretary Harry W. Weest.

The tests, made by department officials in mobile laboratories, included swab tests of "clean" dishes, glasses, cups and eating utensils as well as inspections of rest rooms and facilities.

Glasses appeared to be a sanitary sore spot. Weest revealed 52.2 per cent of the rural restaurants and 77.9 per cent of the urban establishments failed the glass test while 60 per cent of the country inns and 93.9 per cent of the city places had "dirty" bar glasses.

Cups, forks and spoons came in next for criticism.

The department laboratory was touring Cumberland and Dauphin counties for similar examinations. Weest reported. A state-wide check will be made ultimately.

THE PROVERBIAL MAN HUNT

"I am twenty years old and have never had a real love affair. I anticipated. The 'real thing' is accidental. You might be sitting on your own front porch minding your own business and fate will take care of the rest. The girl who makes it too obvious that she is on a husband hunt—"

It applies very specifically to affairs of the heart. It has been my observation that the girl who is ever on the alert for a man scores worth-while men away. I would say you are probably one of those.

Love has a way of sneaking up on us. It is neither planned, nor anticipated. The "real thing" is accidental. You might be sitting on your own front porch minding your own business and fate will take care of the rest.

she who is never content unless surrounded by the opposite sex—usually gets left or at least catches an inferior man. Invariably, impatient for a permanent male companion, she will weed out the best one of her satellites and be content with what she can get. She is unwilling to spend a few idle moments waiting for a real man to come along. And even if he did, her anxiety might make him flee her trap.

My advice is: Relax your attentions. Take an interest in a boy's "line" but don't act as if your life depends on his attentions. Men sense these things and usually steer clear of girls who try to "rope them in."

Question: May I correctly have my address and telephone number on my visiting cards?
Answer: It is entirely correct to have your address in the lower right-hand corner of your visiting card but not your telephone number.

Gen. MacArthur Explains Troops In Philippines

TOKYO, Oct. 25.—(INS)—Gen. Douglas MacArthur gently but firmly reminded the Filipinos today that stationing of American troops in the Philippines is fundamentally necessary for the "mutual international defense of the Pacific."

MacArthur said postwar friction between Filipinos and Americans in the Philippines "springs from an understandable feeling of nationalism on the part of the Filipinos who desire to exercise to the full their new and deserved liberty and independence."

He noted that "since the independence of the Philippines last July, the commanding general of the United States forces there has reported a deterioration of the firm comradeship which existed during the war."

MacArthur added, however, that the stationing of American troops in the Philippines is "entirely beneficial and fundamentally for the security of the islands themselves in the framework of the mutual international defense of the Pacific."

MacArthur noted "almost self-restraint and goodwill" among both American troops and Filipinos. He blamed isolated incidents involving American youths, but expressed his faith that the friendly bonds between the two nations will overshadow any friction.

MacArthur said the Philippine problems were caused somewhat by "irresponsibility of some of our raw recruits, friction over the question of trade privileges, rehabilitation relief and veterans' rights." He also blamed "lawlessness which grips the island as the result of ravishment of two bitter campaigns and the long period of enemy occupation."

Reception Honors Rev. H. A. Silvini

New Volant Minister Of Methodist Church Honored At Reception Thursday

On Thursday evening, Rev. H. A. Silvini, new pastor at the Volant Methodist church, was given a reception by the congregation at the church.

For the entertainment of the evening the following program was given: prayer, Rev. A. W. Weisz; congregational sing, "Dwelling in Beulah Land"; solo, "Shadows"; Joseph Thompson; "Welcome," Mrs. C. L. Hunt; recitation, "Little Orphan Annie" by a group of children under the direction of Mrs. Lorraine Houston. Duet "Memories of Galilee," Mrs. Ada Byers and Mrs. Gertrude Elder.

Remarks were given by W. J. Wilson, Sunday school superintendent and the introduction of Sunday school teachers. The male quartet, Joseph Thompson, George Cunningham, James Kirkpatrick and Carter Johnson, sang a number of selections. Piano solo, Philip Wierick.

Pantomime, "Period Between 1800-1946" was given by Mrs. Gertrude Elder and written by Frances Buchanan. Reading, "Widow Comfort Visits," Mrs. Leora Houston. The male quartet presented another song, and the "Witches Prophecy" was given by Mrs. Frances Buchanan assisted by Mrs. Sara Potter.

Following the program remarks were given by Rev. A. B. Weisz, the new pastor of the Volant Presbyterian church.

Refreshments were served by the ladies of the W. S. C. S.

League Of Women Voters' Program

Samuel G. Neff Speaks On "Citizenship" At October Meeting Of League

League of Women Voters met on Thursday afternoon in the lounge of the Y. W. C. A. for their October meeting. Mrs. Lyle Hughes presided.

Samuel G. Neff of Ellwood City, Democratic candidate for congress, addressed the group on "Citizenship in a Democracy". In the last presidential election, when the voting percentage is high, only 72 per cent of the voters in the 25th congressional district voted, he pointed out, and said, "When the people don't vote, the people lose." The job he said, is to see that citizens recognize that voting is a democracy, not a privilege. If a people vote, he said, we will have good government.

Afterwards he answered questions from the audience. He was introduced by Miss Marguerite Uhl, program chairman.

Mrs. Hughes reported to the group on the meeting October 16 at the court house in regard to a survey of child welfare in Lawrence county. Mrs. L. F. Kohn is chairman of the committee named to meet with the county commissioners.

Attention of the group was called to the 1946-48 agenda of the National League of Women Voters: (1) International control of the atomic bomb; (2) Acceptance by the United States of its full responsibility for strengthening the United Nations; (3) Prevention of inflation and stimulation of production; (4) Strengthening the organization and procedure of congress.

On motion, the group voted to go on record that members will buy as sparingly as possible while high prices prevail.

Chairman for the year were appointed as follows: local legislation, Mrs. Alice McKillop; state legislation, Miss Rosa Brown; national legislation, Mrs. Bernard Hook; telephone, Miss Lillian Hartman.

Lists of candidates running for election on both the Republican and Democratic tickets were distributed together with copies of the platform of the Republican and Democratic parties of Pennsylvania.

Mrs. Kenneth Beck reported on inquiries sent to and replies received from candidates for governor, congress and the U. S. senate.

Preceding the meeting, members attended a United Nations luncheon discussion group of the Y. W. C. A. led by Miss Alice Sterling. The study group was based on reports in the United Nations official publication. It is planned to continue.

With New Castle Afro-Americans

Senior Home Missionary society of the Union Baptist church met on Tuesday evening at the home of Mrs. Sally Moore, Farrell. A period of devotion was in charge of Mrs. Sally Moore. Plans were completed for the coming mass meeting to be held in the church Thursday, October 31, for an all-day session. Rev. C. Alexander and John Kimbro, who were special guests, gave interesting remarks to the circle. Later delicious refreshments were served by the hostess. Next meeting will be in the form of a Halloween party to be held in the church basement Tuesday, October 28.

GIRL SCOUTS

Leaders' Party
Girl Scout leaders will meet on Tuesday evening at 7:30 in the scout office, and go from there to the cottage of Mrs. C. M. Booker at Neshannock Falls for a party.

Troop 25
Five Brownies from the Brownie scout troop led by Mrs. Knittle were

accepted into troop 25 Thursday afternoon at a meeting in the Arthur McGill school.
The new scouts are Lynn Caplin, Toni Dingley, Judy Fuller, Beverly Grassell and Beverly Monks.
Mrs. Cartwright, the leader of the scout troop, gave the girls their pins and welcomed them into the troop. All of the former Brownies joined with the other girls in playing games and singing songs.
The investiture ceremony was by candlelight.

Gen. Eisenhower Expects Bradley To Succeed Him

WASHINGTON, Oct. 24.—(INS)—Gen. Dwight D. Eisenhower revealed today that he expects Gen. Omar N. Bradley, veterans administrator, to succeed him as army chief of staff in the indefinite future.

Eisenhower, commenting on rumors that he was preparing to retire from the army, told a news conference that he considered Bradley one of the "greatest soldiers" in history.

The chief of staff asserted, however, that the four-star general was given a definite job as veterans administrator by the president.

He said that although Bradley took this position with definite limitations on the obligation it was not known when Bradley would be free to "come back" to the army.

Eisenhower, without committing himself further, observed that "most people wanted to consider their stint finished when the last shot of World War II was fired."

He said that they are staying on because they consider it an obligation.

Public Display Bans On Poultry Partially Lifted

HARRISBURG, Oct. 25.—(INS)—A partial lifting of the ban against public displays of poultry effective November 11 was announced today by State Agriculture Secretary Miles Horst.

Restrictions against poultry exhibits were imposed August 23 to prevent the spread of Newcastle disease, a nervous ailment of chickens. The disease, first appearing in Pennsylvania last spring, curtails egg production.

Horst reported that the order would not permit poultry displays during the state farm show January 13-17 next year, but would sanction conduct of the four-day Pittsburgh poultry show scheduled to open January 29.

All fowl entered in exhibits must be certified free of the ailment or other transmissible diseases within five days before admission under the order relaxing restrictions, Horst reported, and re-examined daily at the show place by an accredited veterinarian. Pens must be thoroughly disinfected, he added.

The idea of preserving milk by concentrating and heating it in sealed cans was brought to the U. S. from Switzerland. Milk was thus first prepared commercially in the little town of Highland, Ill., in 1885. It was only after several years of struggle that evaporated milk became a commercial success.

Probe Report Of 'Love Nests' In Heidelberg

WASHINGTON, Oct. 25.—(INS)—A report to the War department disclosed today that the Army has begun a thorough investigation overseas into reports that hundreds of unregistered German women are being kept in Heidelberg "love nests" by American GIs.

The report, received in Washington by Maj. Gen. Floyd Parks, public relations chief, was made by European press headquarters following an initial investigation of published accounts that American soldiers are housing German camp followers.

The United States Army report disclosed that Maj. Gen. William H. Schmidt, chief of staff of the Third Army, "directed that the inspector general make a further investigation of this case."

HOTEL STRIKE STILL DEADLOCKED

PITTSBURGH, Oct. 25.—(INS)—Pittsburgh's 25-day-old strike of service employees at eight major hotels today was scheduled to last at least another four days as conciliation sessions failed to bring any agreement.

Elmer T. Bell, head of a three-man conciliation panel, said: "The panel will reconvene next Tuesday and it is hoped there will be some definite development then."

India To Make Demand For Seat

Will Seek Security Council Seat Being Vacated By Egypt

By PIERRE J. HUSS
(U. S. Staff Correspondent)

NEW YORK, Oct. 25.—India is going to demand for herself the seat on the security council being vacated by Egypt.

That disclosure came from the Indian delegation on the heels of statements by the Syrian delegation that its bid is in the ring for the same seat.

The two candidates, for various reasons, but the British more or less in a quandary and both the transatlantic telephone cables between the foreign office in London and the United Kingdom delegation at UN have been kept busy since then.

The bid by India for one of the three seats on the council becoming vacant during the current session of the assembly came as a surprise.

Syria's intentions had been more generally known among some of the delegations, although none of the delegates have as yet had a chance to announce these intentions officially.

The competition among the 51 nations for the Security Council seats is keen but at the moment the best chances for the seat being vacated by Brazil are conceded to Colombia.

Belgium is generally regarded as the most likely successor to the Netherlands' seat.

The sudden candidacy of India for Egypt's seat upset all previous conclusions that Syria, which claims the backing of the United States, Soviet Russia and Britain, will romp away with the prize without much difficulty. A head-on clash on the assembly floor in their efforts to corral support from the 49 other delegations is regarded as apt to result.

Sgt. John O. Woods On Terminal Leave

Sgt. John O. Woods, 19-year-old son of Dr. and Mrs. J. O. Woods, of 117 East Moody avenue, arrived home following a year and a half of service with the Ordnance department, of which 13 months were spent in the Pacific area.

Sergeant Woods is on a 38-day terminal leave. While in the Pacific he was stationed at Nagoya and Yokohama, and received The New Castle News often, and in this way kept in close contact with the whereabouts of his friends.

He plans to resume his pre-medical studies at Allegheny college.

LOCAL JEWELER ELECTED TRUSTEE

Howard O. Erwin, of East Washington street, has returned from Cleveland, O., where he attended the National Horological convention held in the Hollander hotel.

Mr. Erwin was re-elected national trustee for Pennsylvania.

Report 65,000 Have Joined U. S. Marines In Year

Capt. George P. Blackburn, acting officer in charge, Pittsburgh district Marine recruiting headquarters, announced recently that since one year ago, approximately 65,000 men have elected to serve their nation as Leathernecks.

From August 7, 1945, V-J Day, some 80,000 Americans have enlisted in the Marine Corps, ample proof that a career in the Corps with its increased pay and advancement to the benefits under the G. I. Bill of Rights, is considered to be a worthwhile venture.

Enlistments of three or four years are being accepted at the present time. Complete information can be obtained at the Marine station, room 211 of the Post Office building.

Four Apply For Marine Careers

S-Sgt. Rhea P. Frechette today announced that four more youths have made application for enlistment in the U. S. Marine Corps through the local station.

The new applicants are Louis Moses, 830 Butler avenue; William C. Hardisky, R. D. 2, Volant; John Mohonovich, 1004 Webster avenue, Farrell, and Stephen P. Lockovich, 722 Emerson street, Farrell.

JAMISON PLEADS GUILTY TO FORGERY

Walter Jamison about 55 Clifton Flats arrested yesterday by city authorities and turned over to state police pleaded guilty before Alderman James C. Erice Thursday afternoon, to forgery committed in Lawrence county and in default of bail was committed to the Lawrence county jail. The charge was made by state police.

Report Tito To Continue Battle To Secure Trieste

LONDON, Oct. 25.—(INS)—The Belgrade radio reported today that Marshal Tito has asserted he will continue to press for title to Trieste and will not sign the Italian peace treaty as long as it creates that disputed city as a free territory.

The broadcast quoted the Yugoslav leader as declaring that the great western powers decided in Italy's favor at the recent Paris peace conference "because the interests of Italy are their interests".

He added: "The moral right remains on our side and this right opens a perspective into the future. What is not ours today can be ours some future day".

Armistice Day Dinner To Take Place November 9

Annual Event For All Veterans Will
Occur In The Castle With
Braham As Chairman

Because of the program in Ellwood City on Armistice Day, which carries with it a program lasting throughout the day, the annual Armistice Day dinner, which has been held at the Armistice season, sponsored by the veterans of World War One, will take place on Saturday evening, November 9, in the Castle.

Judge W. Walter Braham is general chairman, with Chester C. Sweezy in charge of the distribution of tickets, and Ivor V. Davis the program.

Tickets have been placed in the hands of all V. F. W. and American Legion posts, and reservations must be taken by November 6, secretary Jimmy Fletcher states.

A full course turkey dinner will be served. The event is open to veterans of all wars, Chairman Braham states, with a program which will prove of interest to all being arranged.

Virtually all bombers on the design drawing boards now will have a speed of more than 400 miles per hour, greater than our fastest fighters of 1940.

The pie-like peccary of the Southwest is some 30 inches high at the shoulder, is about a yard in length and weighs as much as 60 pounds.

Ava Gardner Gets Divorce From Band Leader Artie Shaw

HOLLYWOOD, Oct. 25.—(INS)—Screen beauty Ava Gardner Thursday divorced Bandleader Artie Shaw because "he told me he didn't love me any more and wanted me to leave, so I did."

Superior Judge Harry Archbald granted the decree on cruelty grounds after a ten minute hearing. Shaw did not contest the suit.

Miss Gardner, who formerly was married to Mickey Rooney, testified, "After a month of marriage, his attitude changed."

"He would say to me, 'Why don't you talk and contribute something to the conversation.' When I did say anything he would tell me to shut up."

"He finally said our marriage was a mistake."

Miss Gardner and Shaw were married in Los Angeles, October 17, 1945, and separated last July 8.

The court was informed that a property settlement had been made, but Miss Gardner declined to disclose its terms to reporters.

Shaw formerly was married to Lana Turner and Elizabeth Kern, daughter of Comper Jerome Kern.

AMERICAN LEGION OF STATE MAP PROGRAM FOR 1947

HARRISBURG, Oct. 25.—(INS)—The 50-member state American Legion Executive committee will meet at Harrisburg tomorrow to draft a program for 1947.

Deputy Adjutant Daniel Shaub, of Lancaster, said National Commander Paul H. Griffith, of Union-

town, was scheduled to address the committee.

Shaub said the committee would fix membership quotas for the 36 districts, consider budgets for the welfare and general funds and plan

the annual gifts for hospitalized soldiers.

State Commander Clyde E. Rankin of Philadelphia was expected to name chairmen of 36 committees.

New Castle And Clairton Will Play Here Tonight

Grid Season Before Home Crowd Ending At Local Stadium

Final Home Game On 1946 Card Will Draw Crowd To Stadium For Schoolboy Tilt; Fourteen Seniors In Home Finale; Clairton Seeks To Avenge 1945 Defeat; Kickoff At 8 P. M.

New Castle football fans will hear the click of the turnstiles at home for the final time tonight until next September, as the hard-fighting New Castle High "Red Hurricanes" grid machine locks with the Clairton High Bears at the stadium under the lights. The kickoff at 8 p. m. will find the stands filled to capacity. It has been indicated.

Coach Phil Bridenbaugh's charges reach the end of a tough home card with four victories and two defeats on the home soil, and with a defeat at Sharon, making four wins and three setbacks, in the seven games already played. New Castle hopes to make Clairton the fifth victims at home.

Fourteen Seniors

Fourteen New Castle High seniors will be donning the mole skins at home for the final time this evening, including five regular varsity starters—Active Captain Albert Tate, Phil Richards, Anthony Clavelli, Donald Dean, and Arthur Zaron. The "Lullaby" Brown is another possible starter at right-half tonight who will be gone next year, so will Albert Zarilla, a good-looking backfield replacement or Gribble, Gilmore or Brown.

Other seniors on the squad are—Eugene "Red" Angelo, Matthew Missey, Lou Burrell, George Morgan, Stan Grybowski, Fred Navarra and William Stoner, the latter six with the exception of Grybowski who suffered a broken leg at camp, have been used as reserves all season.

Clairton Seeks Revenge

The Clairton Bears will be out to avenge that 27 to 7 defeat plastered on them last year by the great 1945 squad, and will go all out to try and dump New Castle's apple-cart. Clairton has yet to win a game this year and will be trying hard tonight.

Clairton is bringing its big 100 piece band to New Castle for the game and will also bring a large following of students and fans no doubt. Coach Harold Wilkinson, who has replaced George Hartman, is confident his Bears will give New

Arrange Monday Night's Docket

Kimmel, Walker, Biddle, Thompson, Brinks, White, Izzo, Faulkner, Walsh, Canale To Box

All of the bouts to be held Monday night in The Arena have been arranged, according to announcement by the Jefferson A. C. today.

The two last bouts will find Jesse Walker, 145-pounder, opposed to Art Kimmel, Altoona, in a welterweight bout and Jack Biddle, this city, clashing with Garfield Thompson, Carnegie, in a return 160 pound bout.

Kimmel decided George Ligons here in a six round bout recently and Thompson, decided Biddle, also in six rounds.

In the six rounder, Gene Brinks, Pittsburgh will box Davey White, Johnstown at 145 and in the two four rounders, two local amateurs will make their first pro appearance.

They are Joe Izzo who will oppose Gene Faulkner, Pittsburgh at 175 and Emil Canale will meet Freddy Walsh, Bellefonte at 130.

Izzo and Canale are training under Paris Caney at the Columbus club.

After three rainy nights at home this year the locals are hoping for a good evening's weather and a dry field. Facility Manager Robert Mills and Business Manager Earl McKenney have all details of the game ironed out.

The gates will open at 7 o'clock with over 3,000 general admission tickets ready to be placed on sale.

Optimist Club Sponsoring Big All-Star Game

Lawrence County High Seniors Will Battle Mercer County Seniors At Sharon

GAME DATE IS FRIDAY NOV. 15.

New Castle's newly organized Optimist club members are sponsoring the Lawrence County All-Stars football team composed of seniors from New Castle, Ellwood, Shenango, Union and Bessemer in a big All-Star game with Mercer County High school seniors at the Sharon High stadium the night of Friday, November 15, at 8 o'clock.

Arrangements for the All-Star game between the two counties was made at the Castleton Hotel last Monday with Sharon and New Castle Optimists taking part in a conference.

Al Garren Chairman

Al Garren, chairman of the Optimist club Boy's Work committee, has been designated as general chairman of the New Castle and Lawrence county side of the big benefit game.

Coaches for the Lawrence county team will be announced at a later date. Each school in the county having a football team will be allowed five seniors.

Meeting Next Thursday

Further details of the game from the local angle will be worked out next Thursday evening at a regular dinner meeting of the Optimist club members at The Castleton. All five of the schools are asked to have their coaches at the meeting next Thursday.

Tickets will go on sale at the Sporting Goods store next week. It was announced by Mr. Garren.

The New Castle Optimist club members hope to dispose of at least 1,000 tickets. All proceeds of the game will be divided between the two clubs, Sharon and New Castle, for boys' work after expenses are deducted.

CROSS COUNTRY RACE SATURDAY

NEW WILMINGTON, Oct. 25.—The Westminster College cross-country team will meet Pitt here, at 11 a. m. Saturday in the opening race of the season. The barriers will cover a five mile course. Harold Burry is coach.

Franklin Stays Undeclared, Top Meadville 19-0

Sammy Keys Scores Two Spectacular Touchdowns, Sallie One At Stadium

Undeclared, untied and unscored on Ben Franklin Junior high football team, plus a bundle of lightning in young Sammy Keys, colored speedster, and a bone-crushing half-back Earl Sallie, remained in the junior high line, Thursday afternoon, at the stadium by stunning a Meadville Junior high eleven 19 to 0, for their fifth straight win of the current season.

Coach Austin Cowmeadow and his assistant Ralph Engelmeier, took the wraps off this boy Keys yesterday and the youngster responded with three sensational dashes for touchdowns, one of 75 yards being nullified by a penalty. Earl Sallie his sidekick at halfback plunged the one touchdown over from the two yard stripe.

First Downs 14 To 1

That Meadville was never in the ball game is shown by the statistics on the game, being outclassed in every department and dragging 14 to 1 in first downs, as the Cowmeadow coached juggernaut moved ahead.

At the start of the game Franklin received the kickoff and on the opening play Keys slid the ball into his arms and sped 75 yards behind perfect blocking and interference for a touchdown, but the officials depicted clipping on the play and called the ball back. Two plays later, Keys slid off tackle and raced 43 yards to tally the first touchdown with Sallie converting.

Sallie Crashes Over

Earl Sallie put on a one-man scoring show early in the second period, when he completed a 42-yard drive, by plunging the ball over from the two-yard line on a bit of running and plunging that had the fans gasping. Sallie's extra-point conversion was wide.

Keys grabbing a Meadville punt on his own 35-yard line late in the second period electrified the fans and students as he raced through a broken field for 65 yards to tally his second marker amid the plaudits of the crowd, in a bit of running that was a reminder of "Buddy Young", the great Illinois flash.

Keys really traveled over his end under way and set sail for pay-dirt. Sallie again missed the conversion.

Sharon Next Week

In the third period a brilliant 72-yard drive by the Franklin Patriots was nullified when Franklin got a 15-yard penalty for clipping, with a touchdown just around the corner. Meadville simply could not fathom the terrific Franklin line, being tied to 19 yards rushing all afternoon and with the Franklin linemen and backs breaking up 11 of the 12 passes that the Crawford countians attempted.

Next Thursday Franklin's sensational Patriots will end their 1946 season with a battle that brings the Sharon Junior high eleven to the local stadium. Defensive standouts on the Franklin line yesterday were—Abramski, Mangino and Moecla, these boys getting in Meadville's hair all afternoon with deadly tackling and rushing of the ball carriers.

There is not perhaps any junior high team in western Pennsylvania or the entire state for that matter, that could upset the Franklins this year, the city-county champions "strictly have it" in the parlance of sport.

Touchdowns Franklin—Keys 2, Sallie 1. Points—Franklin—Franklin—Sallie 1 out of 2 by placement.

Sups. Franklin—Banks, Weisman, J. Baidar, T. Baidar, J. Baidar, G. Baidar, H. Baidar, P. Baidar, S. Baidar, T. Baidar, U. Baidar, V. Baidar, W. Baidar, X. Baidar, Y. Baidar, Z. Baidar.

Wilmington Nine To Receive Trophy

North County Champs To Be Honored At Kiwanis Club Meeting November 18

NEW WILMINGTON, Oct. 25.—New Wilmington, baseball team, champions of the North County League, will be given a trophy at a meeting to be held November 18 when the entire squad will be honor guests of the Kiwanis Club.

The trophy, a gift of the New Wilmington Globe, will be presented by Harold Burns, honoring the team for their fine play during the league season.

The Kiwanis club, sponsored both the baseball and softball nines during the recent season.

Bessemer Plays Mercer Saturday

Game Will Be Played At Grove City High Field At 2 P. M.; Bessemer Hopeful

Saturday afternoon will see the Bessemer High eleven invading Mercer county to play the Mercer High Mustangs on the Grove City field in a game starting at 2 o'clock.

Mercer is an outstanding team, standing in fifth place in the district with six wins and one loss, scoring 76 points against 52 for their opponents. The Mustangs dropped their lone defeat to a red-hot Franklin High team in a 38-0 tilt.

Bessemer Fourth Win

Bessemer High has won three and lost three and tied one this season, leaving them standing ninth in the district. In the three wins they ran up 74 points against 52 for their opponents, with the tie being 0-0.

The Bessemer-Mercer series includes five contests, all of which the Centennials have won. In 1923, which was the first game, the score was 18-12. In 1929, 40-0. In 1930, 7-6. In 1937, 21-7. And last year it was Bessemer 26, Mercer 0.

Ciccone's boys are out to make Saturday's game sixth in a row for the locals. Both teams are in fine shape for the game.

Bears To Battle Ohioans Sunday

Wabash Bears Add New Material And Coaches, Play Sunday At E. & A. Field

Wabash Bears with a powerful line averaging about 200 pounds per man and a lightning fast backfield made up of former New Castle high and college stars will battle the Scher Tailors of Youngstown, Ohio, Sunday afternoon at the E. & A. field at 2:30 o'clock, it was announced today by William Domesnick, president.

Coaches Tippy Richards and Benue Ciccone of the Bears will have a galaxy of stars at their disposal for a scrimmage session tonight at 4:30 o'clock at the field, and for the game Sunday.

Galaxy Of Stars

Two fine sets of backfield stars adorn the Bears roster—with a tremendous line, flanked by big Skip Russo 240 pounds, Tatters Stredro 220 pounds and Paul Tanner Shenango high lumbar last year 185 pounds at end.

The backfield stars are—Sammy Ciazza, Jimmy Adams, Sammy Coppel, Gabby DeCaprio, Orelli, A. Lauro, Rabbit Carroie, Hammock and others.

The Tailors were defeated by the Bears at Youngstown in the opening game 6 to 0. This will be the final game at the E. & A. field it was announced. All persons going to the game are asked to cross the tracks at the regular crossing and not at any other point.

There will be a trapshoot the last of the season, at the Ellwood City-Wampum Gun club Saturday afternoon.

Washington Hi Closes Season With Win, 18-0

Beaver Falls Defeated On Local Grid Thursday Afternoon In Season Finale

Washington high's gridders dropped the curtain on their 1946 season Thursday afternoon, trouncing Beaver Falls juniors, 18-0 on a muddy field.

The Douglass-coached eleven dominated the game throughout and were never in trouble except in the opening minutes of play when Dick Altman bobbled the opening kick-off, the Fallsmen recovering on the Washington 35. The Hetraturoed lads went to the 18 for a first down but here the locals stiffened and took over on their 15.

Score In Second

Washington immediately drove out of the hole, with White, and the Altman's sparking the attack, but deep in Beaver Falls territory, Lewis fumbled on an end-around play and the valley team recovered on their eight.

Bursting loose from their "T" formation in the second frame, the Washingtons went from their 35 to score. Klee, quarterback, sent White on a 30-yard jaunt, then Jimmy Altman slipped away for 25 to the 10. Klee then carried to the 5 and Dick Altman smashed over for the first score. Washington slashed back to run the ball to the visitor's four yard stripe as the half closed.

White Gets Tally

In the third frame the locals slashed through the heavy field to rack up their second score. Again it was White and the Altman's with White bucking over from the one for the tally.

Washington's fine line play gave them the third score of the contest in the final quarter. DeLoone, Washington guard blocked a punt and Coban gathered in the pickoff in the end zone for the six-pointer.

Bender, Sackelson, Patterson and Conti stood out on the defense for the locals. Maracher, Paglia and Wynn were rested because of minor injuries.

A backfield gem was discovered in the person of Tufence Rankin, who subdued for Jimmy Altman in the game. Rankin's kicking was brilliant and his return to the team next year is expected to aid Coach Douglass backfield re-building job.

Injuries Plague Lafayette Squad

EASTON, Pa., Oct. 25.—(INS)—Injuries continued to plague the Lafayette College grid squad today as it prepared to meet Bucknell at Lewisburg on Saturday in a renewal of a series dating back to 1893.

Three more maroon first-stringers joined the long injured list.

One of them, Jack Perry, veteran center from Allentown, will be lost for the season. He suffered a knee injury in the W. & J. game last Saturday and there is little prospect that he will play this year.

The other new additions to the injured list are Roy Salm, a back from Westfield, N. J., who will probably be out for several weeks, and Josh Zahurek, of Lebanon, starting tackle, who may be in shape to face Colgate on November 2.

Although several regulars will not be ready due to injuries, Coach Melvin Hetzler is well satisfied with the physical condition of his team. With the halfway mark reached in the schedule, the season has produced few serious injuries and the team has been near top strength every Saturday.

Hetzler has announced that his team will go through a light practice as usual Friday afternoon and will leave at 5 p. m. the same day for Steubenville, O., where the boys will spend the night. They will arrive in Bethany about noon on Saturday.

Westminster's soccer team is in action today, meeting Thiel at Greenville.

Expect Penn To Sink Navy Team

PHILADELPHIA, Oct. 25.—(INS)—Coach George Munger shook up his Penn team today to insure plenty of bulk against Navy in tomorrow's clash at Franklin field.

Munger moved a pair of 200-pound ends, Art Litten and Jerry McCarthy, into starting roles, bringing the Penn line to a weight average of 25 pounds per man, heavier than the Middles.

In addition, Bill Luongo, a 215-pounder, was given a starting berth and Eddie Allen, will be held in reserve. Luongo gained 60 yards against Virginia last week.

BOSTON COLLEGE FAVORED TO WIN

BOSTON, Oct. 25.—(INS)—Boston college regained a slight favoring to shatter Villanova's four-game winning streak in tonight's tilt at the Braves field.

Villanova was outwrestled by an average of 17 pounds per man in the line but held an advantage in backfield bulk. Boston boasted 13 men with 1943 Orange bowl experience.

In World War II, petroleum was a main source of tolerance for maximum TNT.

Johnny Lawther, basketball coach of Penn State College today sent to Here & There a telegram in which he ably paid tribute to the late Jack Hume, who died several days ago. They were intimately acquainted for many years. Lawther's telegram reads: "The great physician withdrew Jack Hume from the active list yesterday. For my money he was the all-time champion trainer of the world." . . . Policeman Clarence Welsh who was injured while on traffic duty and underwent an operation, is convalescing as is Miz Dart, who, because of an infection, lost the sight of one eye. . . . Tommy Lynch, city detective, who underwent a critical operation a year ago and who has been confined at home because of the operation, is said to be much improved. Here's hoping the improvement continues. Tom always has been an efficient and diplomatic officer and possesses the friendship of townfolk. . . . Bill Overturf, game protector for Lawrence County is up early and out late in the performance of his duty and he hopes by enforcement of game laws to make hunting conditions better. . . . Clinton White, the fish warden, who was ill for a long time, is also on the job. . . . Cecil Suber and George Price, before the bass season ends. . . . Wide-eyed fishermen scrambled ashore at Swan Lake, near South Haven, Mich., at dusk to report sighting of a "horned sea monster with a long tail." It proved to be a black cow which had leisurely swam half a mile into the lake, returned to shore and wandered back home. This cow has nothing on some of Jake McCracken's herd at Harlansburg. Whenever the Slippery Rock creek becomes high and they are on the east side of the creek they walk into the stream and when required, swim to the west bank, something Here & There has witnessed.

GEORGE SILLMAN, local hunter, who is hunting with Ward Reimold, William Young and Converse Braunscome at Mitchell, S. D., has written Here & There relative to conditions in South Dakota. He said he would not advise anyone from home going there to hunt. He said the farmers are "up in arms." He said the Dakota style of hunting was to shoot from cat fences, which in his opinion was "meat hunting" and contrary to Pennsylvania style. He said the local hunters had got their first day's limit. According to Thomas Terney, official of the Farmers and Pheasants Protective Association, the trouble in South Dakota is because hunters went to South Dakota with no advance information that farmers had decided to do something about pheasants they raise and that hunting there has been "over commercialized." Several cases of violence have been reported in South Dakota. According to a local hunter the charge per person for hunting on a farm is \$1. . . . The belief that jockeys are through when they reach 30 is due to several reasons, one being they tend to gain weight as they grow older and at the age of 30, they're supposed to be "through." Actually, it is only the beginning for some. Among the top riders of 1945, in the number of races won, were Fernando Fernandez, age 38; James Dobson, age 33; Johnny Longden, age 35; Eddie Arcaro, age 30; and Victor Bovine, age 30. Experience and shrewdness it develops can compensate for a few pounds gained, according to Margery Miller, the girl sportswriter.

Mushroom hunting is under way and some good finds are reported. . . . George Abram, middleweight, was recently wed to Miss Terri Tuman. He boxes Marcel Cerdan, the French champion, in Madison Square Garden, December 8. . . . Director Seth Gordon of the state game commission reported 750,000 hunters are expected to shoulder guns November 1.

St. Mary's Golf Champs Honored

St. Mary's Church Tenders
Champions And Run-
nersup Dinner At
Castleton

SPEAKING PROGRAM IS DISPENSED WITH

St. Mary's church through Rev. Father F. M. McCarter, paid their respects to a great St. Mary's church golf team. New Castle church league 1946 champions last night at the Castleton hotel, at 4 o'clock. Twenty-five men participated in the banquet.

Sitting in on the dinner as guests of the St. Mary's church were the members of the runnersup First Baptist church team. Everyone of the golfers present found a present of two new golf balls at their places.

No Speeches
The dinner consisted of steak well done and all the side dishes that make up a splendid meal, the golfers really digging deep divots in the baked potatoes and other delicacies.

A feature of the dinner was the dispensing of any after dinner talks by anyone, with Rev. Father McCarter dismissing the assembled guests when the final vestige of food had been consumed.

Several Special Guests

Special guests of the occasion were the following: Rev. Father James A. Kernan of St. Margaret's church in Mahoningtown; Rev. Father Francis Paul King, assistant pastor at St. Mary's; Rev. Father Ignatius A. Koller, assistant pastor at St. Mary's; Rev. Father Albert M. Intess of St. Vitus church; Rev. O. W. Hurd of the First Baptist church; Larry Gramling, manager of the Castle Hills course, and Charles P. "Bugs" Walther, News sports writer.

Duck Season To Open Saturday

Ducks, Geese And Brant Will
Be Legal Game Saturday
Through December 9

HARRISBURG, Oct. 25.—(INS)—Hunters were reminded today by the State Game Commission that the season for ducks, geese and brant will open Saturday and continue through December 9.

Officials said the daily bag limit was seven ducks including not more than one wood duck. Hunters may take up to 25 American and Red-breasted Mergansers daily, two geese and brant. Ten doves may be shot daily during the month-long season opening November 1.

In addition to the daily limit for geese and brant, two blue geese and snow geese, singly or in aggregate, may be killed, officials added.

Must Observe Time
Other regulations included rails and gallinules, 15 a day, September 1 to November 30; snipe, 25 daily, September 1 to November 30; and coots, 25 a day, October 26 through December 9. The season is closed on Wilson's snipe, Ross geese and swans.

Shooting hours for all migratory birds from the beginning of each respective open season to October 31 were from one-half hour before sunrise to thirty minutes before sunset, on November 1 from 9 a.m. to 5 p.m.; November 2 to end of respective seasons, 7 a.m. to 5 p.m.

Unbeaten Irish Face Iowa Test

IOWA CITY, Ia., Oct. 25.—(INS)—Iowa hogs wallowed haunch-deep in Iowa mud today, while Iowa football fans echoed a final pre-game salute to the Iowa football team and the jinx that waits for Notre Dame.

Notre Dame comes crashing tomorrow. Undefeated, blazing in success, the Fighting Irish come charging in to meet Dr. Eddie Anderson's well-trained Hawkeyes. The game, which will attract a capacity crowd of 32,000 fans to Iowa's stadium, stands as the most notable battle on tomorrow's well-padded football program.

See Muddy Field
It is old stuff, this business of Notre Dame's coming to Iowa heavy with success, seriously favored to win. Notre Dame has made two trips to Hawkeye soil—and lost both games.

Almost everybody was talking about the mud.

The rains came yesterday, sweeping down steadily and leaving Iowa's uncovered football field something of the consistency of mock turtle broth.

GOPIERS VS BUCKEYES
MINNEAPOLIS, Oct. 25.—(INS)—Minnesota's Gophers were enroute to Columbus, O., today to battle Ohio State with an injury-riddled squad.

Coach Bernie Bierman left seven injured members of the squad behind when the Gophers enroute for tomorrow's Western Conference game.

ILLINOIS CRIPPLED UP
CHAMPAIGN, Ill., Oct. 25.—(INS)—Illinois football hopes for coming successfully with Michigan were jarred today when it was learned that Tackle Mike Kasap will not play because of a broken finger.

Alex Agase, guard, who will see action, is handicapped by a broken nose.

WANT GRID GAME

Any football team of the city desiring a game for this Sunday is asked to call 3277-J for arrangements.

It is required that the team should not average over 14 years of age and weigh more than 120 pounds per player.
